**Magen David Adom is Israel's only national medical emergency, disaster, ambulance and blood service.** It was established by volunteers in 1930.

Today, Magen David Adom's activities include:

- All Israel's first aid and pre-hospital medical emergency training
- Providing and maintaining Israel's 875 ambulances, stationed across Israel
- The collection and supply of 450,000 units of blood each year
- Cooperation with the Palestinian Red Crescent
- Sharing expertise internationally on dealing with mass casualty situations

MDA also works with communities on local social-action projects

**Some years ago, a particularly happy patient referred to Shaare Zedek as "The Hospital With A Heart", and this term has been used by many of the thousands of patients who have been treated there since.** The hospital on Jaffa Road was officially opened on 27 January 1902. The original building contained twenty beds, which three years later had already grown to sixty beds. The numbers of people treated in Shaare Zedek increases all the time. **460 patients hospitalized at Shaare Zedek in the first year have now become more than 34,000!**

**Zichron Menachem provides support for any young person in Israel under the age of 25 living with cancer,** as well as their parents and siblings. Families of all religions and backgrounds turn to Zichron Menachem for help. Zichron Menachem works closely with Israel's leading medical professionals, who strongly believe the support it provides is a crucial part of the children's treatments.

Since 1998, the House of Dreams has supported over 38,000 families who have a child with cancer.

**Zichron Menachem's headquarters, the House of Dreams in Jerusalem, serves hundreds of children and adults each month.** Every day, a fleet of buses picks up children and brings them to the House of Dreams. There, children with cancer get a chance to catch up on their missed studies, play, laugh and heal. In the afternoons, healthy siblings get a chance to relax, learn an instrument, and participate in activities

**Over the past century, JNF has planted over 240 million trees, built over 180 dams and reservoirs, developed over 250,000 acres of land, created more than 1,000 parks throughout Israel and educated students around the world about Israel and the environment.** Through the support of donors around the world, JNF was able to ensure that Israel was the only nation in the world to end the 20th century with more trees than it had at the beginning. In addition, over the past decade, JNF has increased its water resources to furnish water to more than 1.2 million Israelis.
