

הלכה of the Week

~ Preparing for תפילה (2) ~

Preparing oneself for prayer includes dressing in a respectable way. One should wear the type of clothing that people wear when they go to meet an important person. One who usually wears a hat when going out should wear one when praying. Even when one prays at home he should be dressed appropriately.

This is the way to prepare to stand before the King of the universe and to help yourself realise the importance of prayer.

It is praiseworthy to give to צדקה before praying.
Can you think of a reason why?
